

## Stallion Surveillance & Monitoring

### THE MOST ADVANCED HARDWARE & MONITORING PORTAL

Stallion provides peace of mind through comprehensive surveillance systems designed to fit your unique needs. Our mobile surveillance trailers and mounted cameras grant 24/7 visibility across connected sites through our unified video surveillance portal. With A.I.-enabled analytics, our cloud-based surveillance portal tags important events and sends custom notifications to users and devices of your preference. Our national footprint means we can deploy rapidly, wherever surveillance monitoring is needed. Optional monitoring services provide added protection and real-time response should an event occur.
